RE: Approval of Statement of Basis for Solid Waste Management Units 6 (Former Waste Oil Pit and Sludge Bed) and 7 (Oily Waste Treatment Plant Sludge Drying Beds), Naval Station Mayport, USEPA ID #FL9 170 024 260, Mayport, Florida

Dear Mr. Syme:

The Division of Waste Management has reviewed the proposed Statement of Basis for Solid Waste Management Units 6 and 7. The document is acceptable. Attached is a Letter of Concurrence from Mary Jean Yon, Director, Division of Waste Management. Based on this approval letter, you may now proceed with the public comment period for this Statement of Basis. If you require additional clarification or other assistance, please feel free to contact me at 850/245-8999.

Sincerely,

John Winters, P.G.
Remedial Project Manager

Department of the Navy
Naval Facilities Engineering Command Southeast
Attention: Mr. Brian Syme, OPC 6
Naval Air Station Jacksonville
135 Ajax Street, Building 903
Jacksonville, Florida 32212-0030

Dear Mr. Syme:

The Department of Environmental Protection has reviewed the Final Statement of Basis for Solid Waste Management Units (SWMUs) 6, Former Waste Oil Pit and Sludge Drying Bed, and 7, Oily Waste Treatment Plant Sludge Drying Beds, Naval Station (NAVSTA) Mayport, Mayport, Florida and concurs with the Navy's selected remedy. The selected remedy is Land Use Controls (LUCs) for subsurface soil and groundwater, and Monitored Natural Attenuation (MNA) for groundwater. Also, the Navy is enacting LUCs to voluntarily restrict the site to non-residential uses only. The NAVSTA Mayport Environmental Department will ensure that the Corrective Measures Implementation Plan instructions (or similar), processes, and requirements are complied with for all activities at SWMUs 6 and 7 under the NAVSTA Mayport site approval process and/or the excavation permit process.

If you have any questions concerning this letter of concurrence, please contact Mr. John Winters, P.G., our NAVSTA Mayport Remedial Project Manager, at (850) 245-8999.

Sincerely,

Mary Jean Yon, Director
Division of Waste Management
